Introduction

This is a cursory review of the area in and around the Biltmore Square Mall, and Airport Road. It is not intended to be 100% accurate, but will be close.

The data obtained will be used to lay out the argument for building a new arena at Biltmore Square Mall, or at the WNC Agricultural Center.

The report will list the number of motel rooms, restaurants, and other key businesses near the Asheville Airport, and Biltmore Square Mall.

I would like to thank the Asheville Area Center for the Performing Arts (AACPA) for requesting the compiling of this data.
